MID-ATLANTIC

★ CELEBRATING 35 YEARS OF WISHES ★

*Community  
Adopt-A-Wish® Program*

**Join us and make  
wishes come true!**

Make-A-Wish® Mid-Atlantic serves hundreds of local children with critical illnesses in our community each year. Every wish requires caring volunteers, donated goods and services, and – most importantly – the financial generosity of people like you.

Although we are proud of the wishes we are able to fulfill, currently, for every wish that is granted there is more than one local child waiting to receive their one true wish. Through the Adopt-A-Wish® program, you have the opportunity to make a real and tangible impact today by helping us to close the gap between the children waiting for a wish and those who are able to receive a wish. Your gift will bring joy to local wish children when they need it most and allow you to be part of the life-changing impact of a Make-A-Wish experience.

## ***\$1,000+: WISH FRIEND***

- Help Make-A-Wish Mid-Atlantic grant a wish with a contribution of \$1,000 or more. Your gift, combined with donations from others, will help make a child's wish come true!
- Wish Friends will receive recognition via listing on the local community partners webpage of the Make-A-Wish Mid-Atlantic website, an e-mail detailing the use of funding and a tax deductible receipt acknowledging your contribution.

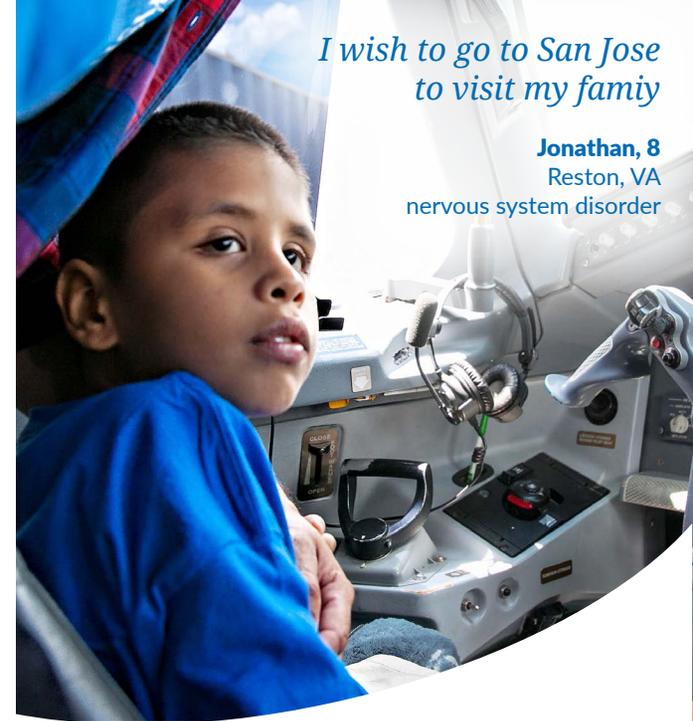

## ***\$5,000 SPONSOR***

As a \$5,000 Sponsor, your gift can be used to symbolically adopt wishes like:

- *I wish to have a room re-do*
- *I wish to have a puppy*
- *I wish to go on a shopping spree*
- *I wish to have a computer*

**\$5,000 Sponsors will receive:**

- Recognition via listing on the local community partners webpage of the Make-A-Wish Mid-Atlantic website
- A certificate acknowledging your support and wish story
- A tax deductible receipt
- Post-wish follow-up

MID-ATLANTIC

★ CELEBRATING 35 YEARS OF WISHES ★

A wish come true helps children feel stronger, more energetic, more willing and able to battle their life-threatening medical conditions. For many of them, it marks a turning point in their fight against their illnesses. For their doctors, nurses and other health professionals, the wish experience works in concert with medicine to make their patients feel better, emotionally and even physically.

### Wishes by the Numbers

**89%**

of medical professionals surveyed believe a wish experience can positively influence a child's health.

**92%**

of volunteers surveyed felt a deeper commitment to philanthropy and volunteer work.

**98%**

of parents surveyed said the wish made them feel like a normal family.
