

I wish to have
a treehouse

Eli, 3
Nokesville, VA
leukemia

Make-A-Wish[®]
MID-ATLANTIC

★ CELEBRATING 35 YEARS OF WISHES ★

*Corporate
Adopt-A-Wish[®] Program*

**Join us and make
wishes come true!**

Make-A-Wish® Mid-Atlantic serves hundreds of local children with critical illnesses in our community each year. Every wish requires caring volunteers, donated goods and services, and – most importantly – the financial generosity of people like you.

Although we are proud of the wishes we are able to fulfill, currently, for every wish that is granted there is more than one local child waiting to receive their one true wish. Through the Adopt-A-Wish® program, you have the opportunity to make a real and tangible impact today by helping us to close the gap between the children waiting for a wish and those who are able to receive a wish. Your gift will bring joy to local wish children when they need it most and allow you to be part of the life-changing impact of a Make-A-Wish experience.

I wish to go on a cruise

Vivian, 10
Annandale, VA
leukemia

I wish to go to Hawaii

Sam, 4
Crofton, MD
cancer

a yorkie puppy*

Breanna, 11
Hughesville, MD
hematological disorder

ABOUT MAKE-A-WISH MID-ATLANTIC

*Together, we create life-changing wishes
for children with critical illnesses.*

- Founded in 1983, Make-A-Wish Mid-Atlantic has granted over 9,700 wishes.
- The Mid-Atlantic chapter serves children who reside in the District of Columbia, Maryland and northern Virginia.

A wish come true helps children feel stronger, more energetic, more willing and able to battle their critical illnesses. For many of them, it marks a turning point in their fight against their illnesses. For their doctors, nurses and other health professionals, the wish experience works in concert with medicine to make their patients feel better, emotionally and even physically.

Wishes by the Numbers

89%

of medical professionals surveyed believe a wish experience can positively influence a child's health.

92%

of volunteers surveyed felt a deeper commitment to philanthropy and volunteer work.

98%

of parents surveyed said the wish made them feel like a normal family.
